(Book). Back in the good old days, all of America was infatuated with the singing cowboys of movies and radio. This huge interest led to the

production of "cowboy guitars." These were guitars manufactured with western scenes painted right on the guitar, and were sold by stores such as Sears and Montgomery Wards. This fun, fact-filled book is an outstanding roundup of these wonderful instruments, starting with the Gene Autry model of 1932, through guitars made to capitalize on the popularity of the Lone Ranger and Roy Rogers, up through present-day makers. Includes hundreds of fantastic photos, a 32-page color section, and biographies of the artists behind the guitars, plus a chapter on leading custom guitar maker Greg Rich, showcasing some of the western guitars he has built. A must for every guitar collector! Steve Evans is the world's foremost authority on and leading collector of cowboy guitars. He

Scored by Thomas F. Heck for solo violin with classical guitar accompaniment, this collection includes pieces from Volumes 1-3 of the Suzuki Violin School. Heck, himself a guitarist and Suzuki parent, intended the arrangements to serve as interesting alternative accompaniments to the Violin School repertoire. The contrapuntal interest

and enriched timbral possibilities of the violin-with-guitar combination result in unusually appealing chamber music performance pieces suited for young musicians. The intermediate-to-advanced level classical guitar notation is supplemented by chord symbols to enable non-classically trained guitarists to accompany the violin line. The third concert etude in D-flat major from Liszt's Trois etudes de concert will challenge advanced pianists with its constant hand-crossings and varying number of cascading notes per measure in the accompaniment. A lovely pentatonic melody is embedded in the rolling arpeggio-like patterns, frequently played by alternating hands

Written in 1801, Beethoven's "Moonlight Sonata" has become one of the best-loved and most popular

Online Library Studio Ghibli Guitar Sheet Music Book

composition ever written for the piano. Beethoven dedicated the "Moonlight Sonata" to one of his pupils, Countess Giulietta Guicciardi. Beethoven had fallen in love with the countess and proposed to her, but they never married because of objections from her father. When it was first published, the sonata had the title "Sonata quasi una Fantasia" but became known as the "Moonlight Sonata" when a German music critic and poet, Ludwig Rellstab, wrote that the mysterious first movement reminded him of moonlight shining on a lake. This edition of "Moonlight Sonata" brings you the complete three-movement sonata and includes biography of Ludwig van Beethoven by Lawrence Walters.
