### Survival Ysis Klein And Moeschberger

Objective This paper compares five different survival models (Cox proportional hazards (CoxPH) model and the following generalisations to recurrent event data: Andersen-Gill (A-G), frailty, ...

### Statistical modelling for recurrent events: an application to sports injuries

Introduction to random variables and probability distribution, linear regression analysis, logistic regression analysis, survival analysis for health outcomes, survival analysis for treatment costs, ...

### Statistical Methods in Health Care Economic Evaluation

For each distribution, the baseline survival distribution function (S) and the probability density function(f) are listed for the additive random disturbance. These distributions apply when the log of ...

### Supported Distributions
