'Fresh and authoritative, written with brio and precision.' Thomas Plate, author of Yo-Yo Diplomacy 'An important and timely guide to one of the most dangerous potential flashpoints for future conflict between the West and China.' James Griffiths, author of The Great Firewall of China 'Brown and Wu Tzu-hui help situate a Taiwan whose "place" in the world is otherwise plagued by uncertainty.' Benjamin Zawacki, author of Thailand

Taiwan, an island located off the east coast of southern China, is the largest piece of territory under the jurisdiction of the "nation" known officially as the Republic of China. Constant debate over whether Taiwan is its own sovereign state, part of the Republic of China, or part of the People's Republic of China has been going on for years. With Chinese leaders in the People's Republic of China rejecting Taiwan's legal separation and vowing that they will resolve the "Taiwan issue" by military force if necessary and most citizens of Taiwan opposing unification with China in the short run, it would appear that Taiwan faces some tough decisions ahead. The A to Z of Taiwan (Republic of China) offers insight into Taiwan's situation through a chronology, an introduction, appendixes, a map, a bibliography, and several hundred cross-referenced dictionary entries on important people, places, events, political parties, and institutions, as well as major political, economic, social, and cultural aspects of this island country. Whether or not Taiwan joins the People's Republic of China or gains its independence, Taiwan's outcome is of the utmost importance, and this reference provides the necessary information to understand its state of affairs.

When Joshua Samuel Brown first stepped out of the passenger terminal at Chiang Kai-shek International Airport in Taiwan, he was a stranger in a humid land with insufficient funds, zero job prospects and an over-packed suitcase. Like much else in his life up to that point, his decision to move to Taiwan was based largely on random occurrence and cosmic coincidence. He was twenty-four years old, thousands of miles away from home, and at that moment the happiest man alive. This anthology of short stories, travel essays, photographs, random meditations, and political meanderings grew out of his years on the island formerly known as Formosa.

Born in Taiwan, raised in the scholarly traditions of ancient China but forced into the Japanese educational system, Hu Taiming, the protagonist of Orphan of Asia, ultimately finds himself estranged from all three cultures. Taiming eventually makes his mark in the colonial Japanese educational system and graduates from a prestigious college. However, he finds that his Japanese education and his adoption of modern ways have alienated him from his family and native village. He becomes a teacher in the Japanese colonial system but soon quits his post and finds that, having repudiated his roots, he doesn't seem to belong anywhere. Thus begins the long journey for Taiming to find his rightful place, during which he is accused of spying for both China and Japan and witnesses the effects of Japanese imperial expansion, the horrors of war, and the sense of anger and powerlessness felt by those living under colonial rule. Zhuoliu Wu's autobiographical novel is widely regarded as a classic of modern Asian literature and a groundbreaking expression of the postwar Taiwanese national consciousness.

Taipei In A Day is the most comprehensive, up-to-date guide to thoroughly enjoy Taiwan. The encompassing "Taiwan From A To Z" section introduces local cues, customs and important cultural information so readers can be travelers rather than tourists. After reading Taipei In A Day you should be prepared for your visit, whether it spans a month, week, or weekend.

This title was first published in 2001. This is a seminal collection. For the first time, leading scholars and practitioners from Taiwan join with counterparts from Britain to offer comparable commentary on key social policy and social service issues affecting their respective countries. The result is as thought-provoking as it is informative. The approach adopted - of encouraging writers to speak for themselves virtually without restriction - could well provide a model in itself for encouraging and easing contributions from previously unrepresented countries into the mainstream of comparative cross-national social policy debate. Concluding papers, on the prospects for East-West comparative social policy in general, confirm the significance of this collection by emphasizing its contribution to broader, social and political debates.
