The Country of the Blind. Three hundred miles and more from Chimborazo, one hundred from the snows of Cotopaxi, in the wildest wastes of Ecuador's Andes, there lies that mysterious mountain valley, cut off from all the world of men, the Country of the Blind. Long years ago that valley lay so far open to the world that men might come at last through frightful gorges and over an icy pass into its equable meadows, and thither indeed men came, a family or so of Peruvian half-breeds fleeing from ...

The Country of the Blind is an interesting meditation on philosophy and politics in the form of a science fiction. Wells shows us how we are committed to believing what we believe: that our own colored glasses lead us to believe our opinions are facts and make us unwilling to be open to differing ideas.
