The "tragedy of the commons" is a central concept in human ecology and the study of the environment. It has had tremendous value for stimulating research, but it only describes the reality of human-environment interactions in special situations.

The Drama of the Commons | The National Academies Press

The tragedy of the commons is a central concept in human ecology and the study of the environment. It has had tremendous value for stimulating research, but it only describes the reality of human-environment interactions in special situations.

The Drama of the Commons by Elinor Ostrom - Goodreads

So the drama of the commons does not always play out as tragedy. This volume examines what has been learned over decades of research into how the drama of the commons plays out. It should be of interest to people concerned with important commons such as ecosystems, water supplies, and the atmosphere. ...

The Drama of the Commons. SHARE. At last year's Conservative Political Action Conference, the former White House aide Sebastian Gorka accused the Green New Deal of being a "watermelon.". The policy may look green on the outside, Gorka warned, but vigilant Republicans like him knew it to be "deep, deep-red Communist on the inside." the sort of red that "Stalin dreamt about but never achieved.".
