The Friendship Cure is an exploration and a study of modern friendship by journalist Kate Leaver. Frustrated with the direction society has taken, with loneliness, stress, mental health issues and other illnesses on the increase, Kate Leaver decided to carry out some research with some rather shocking results.

The Friendship Cure: Reconnecting in the Modern World ...

In The Friendship Cure, Kate Leaver's much anticipated manifesto brings to light what modern friendship means, how it can survive, why we need it and what we can do to get the most from it. From behavioural scientists to best mates, Kate finds extraordinary stories and research, drawing on her own experiences to create a fascinating blend of accessible smart thinking, investigative journalism, pop culture and memoir.

The Friendship Cure by Kate Leaver | Waterstones

The Friendship Cure is presented as a popular science and sociology book, which is appropriate. It is a study of friendship based on the author's anecdotes and what we see in popular culture more so than scientific research. Those who have a general interest in friendship and enjoy pop culture references may enjoy The Friendship Cure. And perhaps it will help people understand how important friendship is, how friendships look today and the impact they have on mental health.

Book Review: The Friendship Cure: Reconnecting in the ...

Book Review: The Friendship Cure by Kate Leaver Friendship in your twenties is weird. Long gone are the days when you saw your friends every single day at school, wore friendship bracelets to declare to the world that you would be BFF and swore that there would never be a day go by when you didn't see each other.

The Friendship Cure Quotes by Kate Leaver

[The Friendship Cure] traces friendship's curative nature through scientific research, psychotherapies, personal stories, and interviews with academics and everyday folks. . . . For overworked, stressed-out, lonely people, Leaver's book shows how friendship offers a safe place to be our real, fallible, even outlandishly weird selves and know that we're accepted and loved.

Amazon.com: The Friendship Cure: Reconnecting in the ...

Elm currently reading The Friendship Cure by Kate Leaver. I bought it for a friend recently, sight unseen, on the basis of the recommendation in this video which I mentioned in a previous post about self-help books.. I thought I should actually read the book myself, having given a copy to one of my closest friends, and I must say that it's a delightful book and one that I would love to ...

The Friendship Cure - news latest, breaking updates and ...

Journalist Kate Leaver believes that friendship is the essential cure for the modern malaise of solitude, ignorance, ill health and angst. If we only treated camaraderie as a social priority, it could affect everything from our physical health and emotional well-being to our capacity to find a home, keep a job, get married, stay married, succeed, feed and understand ourselves.
