The Green Belt Movement

The Green Belt Movement (GBM) is an indigenous, grassroots, non-governmental organization based in Nairobi, Kenya that takes a holistic approach to a development by focusing on environmental conservation, community development and capacity building.

Green Belt Movement - Wikipedia

The Green Belt Movement, an organization she founded in 1977, had by the early 21st century planted some 30 million trees. Leaders of the Green Belt Movement established the Pan African Green Belt Network in 1986 in order to educate world leaders about conservation and environmental...

Green Belt Movement | African organization | Britannica

The Green Belt Movement (GBM) has four main areas of activity— Tree Planting and Water Harvesting, Climate Change, Mainstream Advocacy, Gender Livelihood and Advocacy. Each area of work builds on and informs the others. Tree Planting and Water Harvesting: Using GBM's Watershed Based Approach, communities help to conserve biodiversity, restore ecosystems, and reduce the impact of climate change.

What We Do | The Green Belt Movement

The Green Belt Movement was established in 1977. It was originally established to help Kenyan women because streams were drying up, food supply was limited, and they had to travel further everyday to find a water source. The planting of trees would provide food, store rain water, and serve as a source of fire wood.Once the movement was in ...

The Green Belt Movement - Life of wangari maathai

The Green Belt Movement (GBM) began in the early 1970s. It started out of a conversation that Wangari Maathai, then a professor at the University of Nairobi, had with rural women about what they felt were their most pressing needs. Wangari was speaking with women ahead of the first World Conference on Women to be held in Mexico in 1975.

The Green Belt Movement | Richard Sandbrook's Place

The Green Belt Movement clearly publicized its goals, pushing the importance of short-term goals to create tangible success stories and show the correlation between women, the environment, and sustainable development. The organization, under the spirit of self-reliance and empowerment, Wangari Maathai and the GBM sought to combat soil erosion by establishing public green belts and fuel wood plots.

Goals of the Green Belt Movement | The Green Belt Movement

The Green Belt Movement, a programme initiated by Professor Wangari Maathai and the National Council of Women of Kenya (NCWK), performs a double duty in organising the planting of trees. It both reduces the effects of deforestation and provides a forum for women to be creative and effective leaders.

Greenbelt Movement - WomenAid

A 'green belt' or 'greenbelt' site is an area of largely undeveloped, wild, or agricultural land which surrounds larger cities. It's identified in a Council's Local Plan as an area which needs to be kept free of development. This stops the city from spreading and becoming any larger (urban sprawl).

What Is The Green Belt And How Does It Affect You? - Yoop ...

Maathai and the Green Belt Movement led high-profile campaigns to save Kenya's forests and green spaces. In 1991, for instance, the movement saved Nairobi's Uhuru Park from an enormous high-rise to be built by the ruling party. The dictatorship was still strong, and not amused.
