The internet and other new technologies have changed the tourism industry in an unprecedented way, and keeping pace has become challenging. Online information is now one of the primary influences on consumer decisions in nearly all major markets. For example, 41 per cent of tourists arriving in Spain in 2007 had booked through the internet, and in the United States the number of trips bought online exceeded those purchased offline. Such changes are impacting and influencing the way destinations and companies manage and market themselves.

This book is divided into six parts, which are organized to guide the reader step by step from the macro level of the cruise industry to the micro level of operations management on board cruise ships. Part I (chapters 1-4) sets the scene for the book by characterizing the conditions under which cruise lines operate. Part II (chapters 5-8) includes four chapters that address issues of significance for corporate managers in the cruise sector. Part III (chapters 9-11) deal with aspects of the marketing mix employed by cruise lines to attract passengers and fill their ships. Part IV (chapters 12-15) is concerned with managerial functions related directly to the cruise product. Part V (chapters 16-19) focuses on operational management functions on board cruise ships. The final Part VI (chapter 20) looks at future development possibilities for the cruise sector.

After decades of solid growth, the worldwide ocean cruise sector has become a noticeable economic factor and a significant employer. In the way it combines social, technological and natural systems to form its products, cruise tourism is an increasingly attractive area of study; particularly with regards to the managerial challenges posed by the interaction of these systems. This book brings together industry know-how, managerial experience and academic rigour to cover some of the most important and interesting managerial challenges associated with ocean cruises.

This book focuses in on the dominant role of SMEs (small and medium-sized enterprises) in the tourism and hospitality industry. It explores their impact on consumer perceptions of a destination, drawing on examples of small hotels, guesthouses, cafes and restaurants. It also highlights the challenges faced by SMEs to promote destination business growth - with discussion of competitiveness, quality and standards. With its entity-relationship model of a destination, this edited collection of international papers fully explores the dynamics SMEs. Case studies from around the world also puts SMEs research into a global context.

"When we live in the ego, we are human. When we live in the Awareness of the Oneness, we are Human Angels." We Are Human Angels is the book that has inspired the Human Angels' community around the world and has been spontaneously translated into many languages by the readers. This book is an out and out guide from the ego to the Oneness written with a unique style, both profound and concise at the same time. We Are Human Angels is an uplifting guide that leads you, step by step, in your healing journey from overcoming the ego until the fulfillment of your nature as a Human Angel in your life and in society. It will help you, both in a spiritual and a practical fashion, to achieve fulfillment in your romantic relationships and also in becoming a better person, ready to help those you see suffering

around you. This book will give you a new, enlightened perspective on your entire life. 'The 7 Keys to overcome the ego' and 'The 7 keys to live with the heart in service to the Oneness' are the titles of the two parts of this book that will help you in remembering your Divine Nature as a Human Angel and in becoming a compassionate messenger of Love in service to the Oneness.
