Mark Silverman grew up in the Boston underworld, under the tutelage of the Winter Hill Gang in Somerville, and the inner circle of the Boston faction of the Patriarca Mafia family. *Rogue Mobster* is a firsthand account of the violent Boston mob wars of the 1990s, when bodies were piling up across New England and Mark was walking a tightrope between Winter Hill and the Mafia. An amazing journey through the underworld of New England/Boston/Providence/Rhode Island/Massachusetts and the various crews of LCN & the Winter Hill Gang. Irish gangsters and Men of Respect operating in close proximity yet each respecting the other while everyone makes a dollar. This is not your, "run of the mill" tale or the same old story and names just re-arranged. "Rogue Mobster" tells the story of a young up and comer, with connections to the Irish Winter Hill Crew that can be compared to those that Henry Hill had in "Goodfellas". As a youth surrounded by top gangsters, both of Irish and Italian heritage, this half Sicilian, 1/4 Jewish and 1/4 Portugese, makes his way through the treacherous days of the New England Mafia wars; the young renegades who feel that the old regime's time has come and gone, and now want their turn running things as well as the diabolical two faced James "Whitey" Bulger and his Federal Bureau boys. Tumultuous times to say the least, add into the mix the fact that the recognized leaders of LCN tap Mark to be their eyes and ears, due to his business proximity with the renegades and the fact that he himself is an up and comer, earning with both hands and enjoying himself along the way. As the saying goes, "keep your friends close, but keep your enemies closer", this is a lesson that Mark always kept in mind, and it helped save him while out in the streets making a living. This is not your usual organized crime novel, it's material is refreshing and the facts/details he divulges are a change of pace from the average book. If you are a true crime fan, this is a must read, not much is published about the Winter Hill Gang so be ready for some new names and the 'usual' ones also.

In a remarkably personal and intimate story, Jerry Tillinghast talks about his life and the choices he made. A story of how our path in life is often beyond our control. Silent no More...a story of lost opportunity, wrongful convictions in pursuit of justice, and redemption. How accepting the consequences of our decisions, leads to redemption

Marked Card is a term used by law enforcement to flag a mobster as a possible covert operative for the federal government. Made guy, double agent, and perplexing, Mark Silverman takes the phrase 'To know your Enemy, you must become your Enemy' to a whole new level in Marked Card: Power Play in the Boston Mafia. In the course of the late 80's and into the 90's the Boston Mafia was in the midst of a full blown war for supremacy of the New England underworld. The government was synchronously engaged in their own silent war; playing one agency against the other while leaking information to their informants. Silverman spares no details describing how he rose through the ranks of the Irish Winter Hill gang while working for both warring factions of the Italian Mafia concealing his identity. Silverman explains how the Whitey Bulger scandal led to an absolute power play, both on the streets and inside law enforcement circles.

Explore the backrooms and seedy hangouts throughout the real story of Boston's gangster past in this true crime history guide. The capture of notorious mobster James "Whitey" Bulger closed an infamous chapter in Boston history, yet the city's criminal underworld has a long and bloody rap sheet that stretches back to the beginning of the twentieth century. Journalists Ford and Schorow reveal the underbelly of Boston through profiles of ruthless gangsters like Charles "King" Solomon, the Angiulo brothers, Joseph "The Animal" Barboza, Stephen "The Rifleman" Flemmi and many more who carried

Download Free The New England Mafia

out deadly hits and lucrative heists.

On February 26, 1986, Mafia underboss Gennaro Angiulo was convicted of racketeering and sentenced to forty-five years in prison. In *The Underboss*, bestselling authors Dick Lehr and Gerard O'Neill tell the story of the fall of the house of Angiulo. The Federal Bureau of Investigation, aided in part by the Irish Mob's Whitey Bulger, entered the Boston Mafia's headquarters in Boston's North End early one morning in 1981 and began to compile the evidence that would lead to the entire upper tier of one of the most profitable and ruthless criminal enterprises in America. Originally published in hardback by St. Martin's in 1989, *The Underboss* became a national bestseller. Information uncovered during the course of Lehr and O'Neill's *Black Mass* investigations adds new dimensions to the story and the authors include this new material-including Whitey Bulger's cagey manipulation of the FBI-in *The Underboss's* revised text and in a new preface and afterword.

Mark Silverman grew up in the Boston underworld, under the tutelage of the Winter Hill Gang in Somerville, and the inner circle of the Boston faction of the Patriarca Mafia family. *Marked Card* is a firsthand account of the violent Boston mob wars of the 1990s, when bodies were piling up across New England and Mark was walking a tightrope between Winter Hill and the Mafia.

An outsider from Medford, who got inside the Boston underworld, chronicles the story of the mob wars of the 1990s, which killed more than two dozen gangsters. He recounts shifting alliances and friendships that tore apart as the various factions battled for control of Boston through the early 2000s.

COP: “Buddy, I think this is a whorehouse.” BUDDY CIANCI: “Now I know why they made you a detective.” Welcome to Providence, Rhode Island, where corruption is entertainment and Mayor Buddy Cianci presided over the longest-running lounge act in American politics. In *The Prince of Providence*, Pulitzer Prize-winning journalist Mike Stanton tells a classic story of wiseguys, feds, and politicians on a carousel of crime and redemption. Buddy Cianci was part urban visionary, part Tony Soprano—a flawed political genius in the mold of Huey Long and James Michael Curley. His lust for power cost him his marriage, his family, and close friendships. Yet he also revitalized the city of Providence, where ethnic factions jostle with old-moneyed New Englanders and black-clad artists from the Rhode Island School of Design rub shoulders with scam artists from City Hall. For nearly a quarter of a century, Cianci dominated this uneasy melting pot. During his first administration, twenty-two political insiders were convicted of corruption. In 1984, Cianci resigned after pleading guilty to felony assault, for torturing a man he suspected of sleeping with his estranged wife. In 1990, in a remarkable comeback, Cianci was elected mayor once again; he went on to win national acclaim for transforming a dying industrial city into a trendy arts and tourism mecca. But in 2001, a federal corruption probe dubbed Operation Plunder Dome threatened to bring the curtain down on Cianci once and for all. Mike Stanton takes readers on a remarkable journey through the underside of city life, into the bizarre world of the mayor and his supporting cast, including:

- “Buckles” Melise, the city official in charge of vermin control, who bought Providence twice as much rat poison as the city of Cleveland, which was at the time four times as large, and wound up increasing Providence’s rat population. During a garbage strike, Buckles sledgehammered one city employee and stuck his thumb in another’s eye. Cianci would later describe this as “great public policy.”
- Anthony “the Saint” St. Laurent, a major Rhode Island bookmaker and loan shark, who tried to avoid prison by citing his medical need for forty bowel

irrigations a day, thus earning himself the nickname “Public Enema Number One.” • Dennis Aiken, a celebrated FBI agent and public corruption expert, who asked to be sent to “the Louisiana of the North,” where he enlisted an undercover businessman to expose the corrupt secrets of Cianci’s City Hall. *The Prince of Providence* is a colorful and engrossing account of one of the most tragicomic figures in modern American life—and the city he transformed.
