The number of second language learners in the public schools has grown substantially over time. OELA indicates that the number of ELLs has grown by nearly 105% since 1989 (see Figure 1.1). California currently reports nearly 1.5 million ELLs, or approximately one-fourth of its K-12 public school enrollment (California State Department of Education, 2000).

Who is the Second Language Learner? - ASCD

A person's second language, or L2, is a language that is not the native language of the speaker, but is learned later. A speaker's dominant language, which is the language a speaker uses most or is most comfortable with, is not necessarily the speaker's first language. The second language can also be the dominant one. For example, the Canadian census defines first language for its purposes as "the first language learned in childhood and still spoken", recognizing that for some, the earliest lang

Second language - Wikipedia

Second Language Learning. Second language learning is a conscious process where the learning of another language other than the First Language (L1) takes place. Often confused with bilingualism and multilingualism, the process has to take place after the first language(s) has already been acquired. Having said that, Second language learning could also refer to the third, fourth, or fifth (so on and so forth) language the learner is currently learning.

Chapter 17: Second Language Learning and Teaching ...

Learning a second language forces you to think in new and creative ways. You will be forced to think deeper with grammar rules, word meaning, prefixes, suffixes, and a host of other new challenges. This sustained thinking process develops your ability to think deeply, express concepts in new ways, and solve problems from new angles.
