The Sixth Window is appropriately the sixth installment in the DCI Tom Douglas series and for me this series is simply getting better and better. Abbott is obviously far from the only writer producing these very human and grounded thrillers but she's an important author for me because she opened my eyes to them.

There were several characters in *The Sixth Window* and the one narrator did an incredibly thorough job portraying each character with a personal feel to each of them. Atkins' voice and tone are strong and very pleasant to listen to.
