Make a steady part-time income from trading options month after month! If you are a beginner to the world of options trading, this is the only book you will need to learn the basics of the game and to start earning a handsome income consistently every month. The vast majority of retail traders in the stock market keep away from trading options believing that options are too complex and too risky to indulge in. Most of the few that venture out into this terrain with half-baked knowledge usually end up with substantial losses over the long term because they simply do not know the safe strategies that one needs to deploy in this space. If you are somebody who has shied away from options trading in the past thinking it is beyond comprehension or because you always ended losing money while trading options, then this is the right book for you. As a beginner's guide into the world of options trading, here's what this book contains: What Stock Options are in simple terms! The various types of options and the common terms used in options trading. The underlying principles of options trading using easily-understandable scenarios. Basic mistakes made by beginners and how to avoid them. Six great strategies, with real case studies, to that teach you how to consistently make profits while controlling your risk. Note: As an added bonus, this book also gives you access to downloadable worksheets you can use to calculate the potential returns and risk exposure for any strategic trade you want to get into or to even just carry out paper-trades! This book adopts an unsophisticated approach to teach options trading to just about anybody. Therefore, if you are looking for a place to start learning about options trading and how to earn off it, look no further!

"Guy Cohen is the master when it comes to taming the complexities of options. From buying calls and puts to iron butterflies and condors, Guy explains these strategies in a clear and concise manner that options traders of any level can understand. His chapter on options and taxes is especially welcomed (and needed). The Bible of Options Strategies is a straightforward, easy-to-use reference work that should occupy a space on any options trader's bookshelf." -Bernie Schaeffer, Chairman and CEO, Schaeffer's Investment Research, Inc. "The author delivers clarity, insight and perception making learning about options a joy, and practicing the art of making money that much easier: truly a bible from a guru." -Alpesh B. Patel, Author and Financial Times Columnist "Guy Cohen truly makes learning about options easy in this fact-filled guide. Bullet points make for a quick and enlightened read, getting to the heart of what you really need to know about each options strategy. This book is a must for any serious trader's library." -Price Headley, Founder, BigTrends.com Pick the right options strategies...implement them step-by-step...maximize your profits! Introducing today's first and only

Real Advice from a Real Investor If you are dreaming of getting started in the investing world to supplement your income or even kick your 9-to-5 job to the curb completely, then Options Trading: The Ultimate Beginner's Guide might be the answer you have been looking for. This book will help you learn everything you need to know in order to start making successful moves in the options market, even if you aren't quite sure what an option is at this moment. Simply put, options are like stocks or bonds in that they are a variety of security which, when purchased, give you the option of purchasing or selling a stock or another related asset at a specific price. While it might seem complicated now, the reality is that it is mostly about doing research and executing on a specific plan once certain numbers are met. While once only the domain of Wall Street, online options trading makes the process easier than ever. So, what are you waiting for? Stop dreaming and start acting. Inside You Will Find A complete breakdown on all option types Detailed explanations on exactly how options work An easy to follow step-by-step guide to walk you through your first options trade The best strategies for a beginner to achieve success The lingo of a professional options trader The easiest way to guarantee long term trading success Common mistakes beginners make and how to avoid them Much, much more! This is the definitive guide to get you started on trading options!

Options Trading – Beginners Guide Financial independence is something we've all dreamed of at some point in our lives. Nevertheless, it's something most of us deem near to impossible. From a young age, we are taught how to be obedient workers and not really how to obtain that freedom in life. One way of taking charge is to learn the game of options trading. By becoming a master in this field, you can end up living life on your own terms faster than you ever thought possible. However, learning how to become financially independent through options trading can be extremely difficult without the right guidance. Luckily for you, the contents of this book have been curated to provide you with everything you need to know in order to get started off on the right foot. Inside this book you will find: - The most important options trading basics - The "Greeks" and how to use them efficiently - Fundamental analysis for options trading - Technical analysis for options trading - How to place your first trade - Best strategies to try - Tips and tricks for success - Mistakes to avoid - Bonus chapter on how to remove worries and enjoy your trading journey Such a complex skill takes time and practice to master. Regardless of your dedication, it is possible to lose your shirt early on while you are learning the ropes if you aren't careful. This book offers you the perfect starting point. Together we will shorten the learning curve and save you a lot of time in your journey to becoming an options trading master. So, what are you waiting for? Take control of your financial future and buy this book today!

Stop settling for non-existent savings account rates and bank CDs which pay less than 1%... and start making your investments work for you again... If you're worried about the current market uncertainty, these 3 options strategies are your antidote to chaos. You can use them to generate consistent returns, no matter what happens to your stock. Making it the perfect income strategy, because you can use covered calls, credit spreads & iron condors to create instant cash, with premiums paid directly into your brokerage account. Even if you know nothing about options, this book will get you right up

to speed. Here is just a fraction of what you'll discover: - The 6 criteria we use to select the best stocks to write covered calls on - The vital difference between covered and uncovered calls - Options Greeks explained in 10 minutes - 3 rules for adjusting your covered call - How to use covered calls to lower the purchase price of stocks you already own - The 8 criteria we use to select the best stocks to write credit spreads - The only 3 technical indicators you need to know for credit spreads. Ignore everything else, you only need these 3 beginner friendly metrics to get started - 10 effective ways to master the mental side of trading - The 5 best low-commission brokers for beginner options traders - Trade options like Warren Buffett? The world's greatest investor has used this specific strategy to make \$4.9 Billion over the past decade - 3 "non-negotiable" trading rules. Adhere to these and you will be ahead of 90% of amateur traders - Exactly what level the VIX should be at before you sell a spread. A backtest implementing this one tweak made the strategy 50% more profitable over 10 years worth of trades ...and much, much more! Plus, inside the book you get free access to a 9 part video course covering every aspect of profitable investing So even if you've never used options before, the book walks you through everything step by step. You'll find everything explained in plain English, free from technical jargon. Even if you get stuck, you can always send us an email (provided inside the book) or reach out in our private investing community on social media - we're always happy to help with any questions you might have. And remember... bank CD's will only pay you between 0% and 1%... the dividend yield on the S&P 500 is around 2%... and 5 to 10 year municipal bonds will only pay between 2% and 3%. But if you use what's inside this book, you could have the opportunity to earn so much more than that. And when you receive just a single premium from one of these trades (which is paid into your account instantly) it will cover the cost of this book 10x over. ☐ STOP Trading Options like Gambling Learn How to "Stick & Apply Basics" That Makes You Win Despite the Market Being Up, Down or Constant If you are Puzzled into the game of Futures and Options... Overwhelmed with information and technical terms... or even if you are planning to start your trading journey but not sure if you can make a good living out of it... then this message is just for you. Here's why... You can now fade away all your confusions and have a proper easy to follow roadmap to futures and options so that you can trade your way to success. And you need to realize; there is a cost to not dealing with this... ☐ If you don't do something about it, get worse What most people do while trading options and losing money is; they treat this business like a gamble and guesswork... thinks they are missing some technical aspects... some secret sauce and pro-tips... buying tons of overhyped courses... But for most people, none of that works. ☐The primary problem is because of hitting the market unprepared, even though most people assume that they are prepared. ☐ Tips never make you successful, "learning can." This one of the biggest reasons makes the traders lose money. Yes, you may get some small temporary gain - never works in the long run. ☐Trying to get into many trades without a strategic Risk- Reward assessment is a blunder for you. ☐Whenever you trade emotionally, it's an invitation to disaster. ☐And finally, you probably end up losing confidence and an opportunity which could be your prominent source of income. And what happens if you do nothing? If you keep doing what you've been doing? You never get the real taste of trading; remain stuck in the cycle of never-ending losses. And finally; you complain about the business model and remain broke. ☐ How i discovered the secrets of options trading Nothing secret, a compilation of systematic scientific approach based on the specific principles of options trading. Here's the story: I tried everything out there, just like you. After wasting much hard-earned money, being frustrated, and going through all the hardships, i decided to dedicate a year to learn, apply, and test every day and night. I was not the same trader. I successfully managed and multiplied my investment and did the same to my friends and family. More than that, a proven psychological systematic was discovered. With the encouragement of my friends and family, it reached you. ☐ It worked for these people, and it will work for you !! I went from a stupid broker to a successful trader in one year- living my dream life... but what's impressive is what happened to other people... ☐ The book contains the following topics ☐ Why you should invest in options trading Learn the purpose of options and when to use them Strategy for selling covered calls The pros and cons of options trading Evaluating your personal financial situation The components of an option contract and many more... Now it's your turn...go ahead and make a successful living in options !!!

With Option Trading it is possible to generate regular monthly income from stock market. Market has enough for our need but not enough for our greed. When Trading in Options, we predict where the market cannot go and strategize accordingly. While trading, have you ever wondered:1.What is market going to do next?2.How can you position yourself around that so that probability of profit is maximum?3.What should be the ideal position-sizing so that you do not lose big.4.What should be the ideal option strategy, Risk: Reward, probability of winning?5.How to handle worst-case scenarios and come out unscathed. Definitive Guide to Advanced Option Trading is answer to all these questions. When we execute a trade, it can result in: Big Win, Small Win, Break-Even, Small Loss & BIG LOSS. This book teaches you how to avoid the Big Loss and you automatically become profitable in the long run.

You really want to get started with trading but don't know how, are there too many sources?Don't you know where to begin? Are the best guides too technical and full of unintelligible jargon?Would you like to invest, but you are not sure of the consequences?Maybe you are fed up with your cash flow not generating extra cash for you. The inflation is eating up your savings and every coin you have tried to invest has been robbed by commissions or bad advisors. All you need is a strategy, and you have finally found the only source that can provide you the foolproof one. Multiplying your money safely and quickly is possible. But you can't base your investments on the advises of your friends, blogs or training on demo. Without a proper guide your chances of success are very slim. Indeed you must invest in a ready-made solution so that you can have all the profits of trading options. You must become aware of the risks, distinguish the types of options and finding frauds underlying them. Ultimate Options Trading Crash Course will show you how to handle trading psychology and not make you guide by your emotions when you deal with options.Options are financial instruments that are derivatives based on the value of underlying securities such as stocks. An options contract offers the buyer the opportunity to buy or sell-depending on the type of contract they hold-the underlying asset. Unlike futures, the holder is not required to buy or sell the asset if they choose not to. Call options allow the holder to buy the asset at a stated price within a specific time frame. Put options allow the holder to sell the asset at a stated price within a specific time frame. Each option contract will have a specific expiration date by which the holder must exercise their option. The stated price on an option is known as the strike price. Options are typically bought and sold through online or retail brokers.
