A gripping literary thriller and smash bestseller that has taken Italy, France, Germany and the UK by storm. Six severed arms are discovered, arranged in a mysterious circle and buried in a clearing in the woods. Five of them appear to belong to missing girls between the ages of eight and eighteen. The sixth is yet to be identified. Worse still, the girls' bodies, alive or dead, are nowhere to be found. Lead investigators Mila Vasquez, a celebrated profiler, and Goran Gavila, an eerily prescient criminologist, dive into the case. They're confident they've got the right suspect in their sights until

they discover no link between him and any of the kidnappings except the first. The evidence in the case of the second missing child points in a vastly different direction, creating more questions than it answers. Vasquez and Gavila begin to wonder if they've been brought in to take the fall in a near-hopeless case. Is it all coincidence? Or is a copycat criminal at work? Obsessed with a case that becomes more tangled and intense as they unravel the layers of evil, Gavila and Vasquez find that their lives are increasingly in each other's hands. THE WHISPERER, as sensational a bestseller in Europe as the Stieg Larsson novels, is that rare creation: a thought-provoking, intelligent thriller that

In this tense and twisty latest from Norway's maven of crime, time shifts between Inspector Sejer's interrogation of the accused Ragna Reigel and the shocking events that led up to her arrest. How did this lonely, quiet woman come to kill a man--or did she? How did a lonely, quiet woman come to kill a man--or did she? Ragna Riegel is a soft-spoken woman of routines. She must have order in her life, and she does, until one day she finds a letter in her mailbox with her name on the envelope and a clear threat written in block capitals on the sheet inside. With the arrival of the letter, and eventually others like it, Ragna's carefully

constructed life begins to unravel into a nightmare--threatened by an unknown enemy, paranoid and unable to sleep, her isolation becomes all the more extreme. Ragna's distress does culminate in a death, but she is the perpetrator rather than the victim. The Whisperer shifts between Inspector Sejer's interrogation of Ragna and the shocking events that led up to her arrest. Sejer thinks it is an open-and-shut case, but is it? Compelling and unnerving, The Whisperer probes plausible madness in everyday life and asks us to question assumptions even in its final moments.

Donalyn Miller says she has yet to meet a child she couldn't turn into a reader. No matter how far behind Miller's students might be when they reach her 6th grade classroom, they end up reading an average of 40 to 50 books a year. Miller's unconventional approach dispenses with drills and worksheets that make reading a chore. Instead, she helps students navigate the world of literature and gives them time to read books they pick out themselves. Her love of books and teaching is both infectious and inspiring. The book includes a dynamite list of recommended "kid lit" that helps parents and teachers find the books that

“No one can thoroughly chill the blood the way Karin Fossum can.”
— Los Angeles Times Critically acclaimed across Europe, Karin Fossum’s Inspector Sejer novels are masterfully constructed, psychologically convincing, and compulsively readable. They evoke a world that is at once profoundly disturbing and terrifyingly familiar. The inaugural Inspector Sejer novels have been conveniently packaged together for your very own chilling reading experience. EVA’S EYE When the body of a man floats to the surface of a river, Inspector Sejer is called in. Sejer and his team determine that the man, Egil, died in a violent attack. But Egil has

been missing for months, and the trail to his killer has gone cold. It's as puzzling as another unsolved case on Sejer's desk: the murder of a prostitute who was found dead just three days before Egil went missing. Sejer sets to work piecing together the fragments of these two impossible cases; soon enough he realizes that they might not be as separate as they had seemed. DON'T LOOK BACK At the foot of the imposing Kollen Mountain lies a small, idyllic village where neighbors know neighbors and children play happily in the streets. But when the body of a teenage girl is found by the lake at the mountaintop, the town's tranquility is shattered forever. Annie was strong, intelligent, and loved by

everyone. What went so terribly wrong? Doggedly, yet subtly, Inspector Sejer uncovers layer upon layer of distrust and lies beneath the town's seemingly perfect façade. HE WHO FEARS THE WOLF Inspector Sejer is hard at work again, investigating the murder of a woman who lived alone in the middle of the woods. The chief suspect is another loner, a schizophrenic recently escaped from a mental institution. The only witness is a twelve-year-old boy, overweight, obsessed with archery, and a resident at a home for delinquents. Shrewdly, patiently, as is his way, Sejer confronts a case where the strangeness of the crime is matched only by the strangeness of the criminals, and

where small-town prejudices warp every piece of information he tries to collect. "In spare, incisive prose, Fossum turns a conventional police procedural into a sensitive examination of troubled minds and a disturbing look at the way society views them . . . A superb writer of psychological suspense." — New York Times

But when you're trying to talk to insects, nothing is as simple as it seems.
