Tiger Woods' 2019 Masters victory as described by the players

The inspiration for the HBO documentary from Academy Award-winning producer Alex Gibney. The #1 New York Times bestseller based on years of reporting and interviews with more than 250 people from every corner of Tiger Woods’s life—this “comprehensive, propulsive ... and unsparing” (The New Yorker) biography is “an ambitious 360-degree portrait of golf’s most scrutinized figure ... brimming with revealing details” (Golf Digest). In 2009, Tiger Woods was the most famous athlete on the planet, a transcendent star of almost unfathomable fame and fortune living what appeared to be the perfect life. But it turned out he had been living a double life for years—one that exploded in the aftermath of a Thanksgiving night crash that exposed his serial infidelity and sent his personal and professional lives over a cliff. In this “searing biography of golf’s most blazing talent” (GOLF magazine), Jeff Benedict and Armen Keteyian dig deep behind the headlines to produce a richly reported answer to the question that has mystified millions of sports fans for nearly a decade: who is Tiger Woods, really? Drawing on more than four hundred interviews with people from every corner of Woods’s life—many of whom have never spoken about him on the record before—Benedict and Keteyian construct a captivating psychological profile of a mixed race child programmed by an attention-grabbing father and the original Tiger Mom to be the ‘chosen one,’ to change not just the game of golf, but the world as well. But at what cost? Benedict and Keteyian provide the startling answers in this definitive biography that is destined to linger in the minds of readers for years to come. “Fresistible... Immensely readable... Benedict and Keteyian bring us along for the ride in a whirlwind of a biography that reads honest and true” (The Wall Street Journal). Ultimately, Tiger Woods is “a big American story... exhilarating, depressing, tawdry, and moving in almost equal measure.” (The New York Times).

“A confident and substantial book... It has torque and velocity... It makes a sweet sound, like a well-struck golf ball. I found it exhilarating, depressing, tawdry, and moving in almost equal measure. It’s a big American story.” —The New York Times Based on years of reporting and interviews with more than 250 people from every corner of Tiger Woods’s life—many of whom have never spoken about him on the record before—a sweeping, revelatory, and defining biography of an American icon. In 2009, Tiger Woods was the most famous athlete on the planet, a transcendent star of almost unfathomable fame and fortune living what appeared to be the perfect life. Married to a Swedish beauty and the father of two young children, he was the winner of fourteen major golf championships and earning more than \$100 million annually. But it was all a carefully crafted illusion. As it unraveled in the aftermath of a Thanksgiving-night car crash that exposed his serial infidelity and sent his personal and professional lives over a cliff. Still, the world has always wondered: Who is Tiger Woods, really? In Tiger Woods, Jeff Benedict and Armen Keteyian, the team behind the New York Times bestseller The System, look deep behind the headlines to produce a richly reported answer to that question. To find out, they conducted hundreds of interviews with people from every facet of Woods’s life—friends, family members, teachers, romantic partners, coaches, business associates, physicians, Tour pros, and members of Woods’s inner circle. From those interviews, and extensive, carefully sourced research, they have uncovered new, intimate, and surprising details about the man behind the myth. We read an inside account of Tiger’s relationship with his first love, Dina Graveli, and their excruciating breakup at the hands of his parents. We learn that Tiger’s longtime sports agency, International Management Group (IMG), made \$50,000 annual payments to Tiger’s father, Earl Woods, as a ‘talent scout’—years before Tiger’s father, who died in 2006 and to this day lies in an unmarked grave. We come along as Tiger plunges into the Las Vegas and New York nightclub worlds alongside fellow superstars Michael Jordan and Charles Barkley. We are whisked behind the scenes during the National Enquirer’s globe-trotting hunt to expose Tiger’s infidelity, and we get a rare look inside his subsequent sex-addiction treatment at the Pine Grove facility in Hattiesburg, Mississippi. But the portrait of Woods that emerges in Tiger Woods is far more rewarding than revelations alone. By tracing his life from its origins as the mixed-race son of an attention-seeking father and the original Tiger Mom—who programmed him to be “the chosen one,” tasked with changing not just the game of golf but the world as well—the authors provide a wealth of new insight into the human being trapped inside his parents’ creation. Most of all, we are reminded, time and time again, of Woods’s singular greatness and the exhilaration we felt watching an athletic genius dominate his sport for nearly twenty years. But at what cost? Benedict and Keteyian provide the answers in an extraordinary biography that is destined to become the defining book about an authentic American legend—and to linger in the minds of readers for years to come.

SHORTLISTED FOR THE WILLIAM HILL SPORTS BOOK OF THE YEAR 2018 WINNER OF THE TELEGRAPH SPORTS BOOK AWARDS BIOGRAPHY OF THE YEAR 2019 THE FULL STORY BEHIND THE RISE, FALL AND RISE AGAIN OF TIGER WOODS ‘A rattling read... Superbly written’ Daily Mail ‘Arguably the most serious attempt ever made to get behind golf’s great enigma’ Guardian ‘Exhilarating, depressing, tawdry and moving... perfectly pitched biography’ New York Times Based on three years of extensive research and reporting, two of today’s most acclaimed investigative journalists, Jeff Benedict of Sports Illustrated and eleven-time Emmy Award winner Armen Keteyian, deliver the first major biography of Tiger Woods - sweeping in scope and packed with groundbreaking, behind-the-scenes details of the Shakespearean rise and epic fall of a global icon. In 2009, Tiger Woods was the most famous athlete on the planet, a transcendent star of almost unfathomable fame and fortune living what appeared to be the perfect life - married to a Swedish beauty and the father of two young children. Winner of fourteen major golf championships and seventy-nine PGA Tour events, Woods was the first billion-dollar athlete, earning more than \$100 million a year in endorsements from the likes of Nike, Gillette, AT&T and Gatorade. But it was all a carefully crafted illusion. As it turned out, Woods had been living a double life for years - one that exploded in the aftermath of a late-night crash that exposed his serial infidelity and sent his personal and professional life off a cliff. In Tiger Woods, Jeff Benedict and Armen Keteyian dig deep behind the headlines to produce a richly reported answer to the question that has mystified millions of sports fans for nearly a decade: who is Tiger Woods? Drawing on more than four hundred interviews with people from every corner of Woods’s life - friends, family members, teachers, romantic partners, swing coaches, business associates, Tour pros and members of Woods’s inner circle - Benedict and Keteyian construct a captivating psychological profile of an African-American child programmed by an attention-grabbing father and the original Tiger Mom to be the ‘chosen one’, to change not just the game of golf, but the world as well. But at what cost? Benedict and Keteyian provide the startling answers in a biography, updated for this edition, destined to make headlines and linger in the minds of readers for years to come.

“Fascinating... [Bamberger] knows the world of professional golf, and the pressures it exacts, like few others.” —The Wall Street Journal It’s one of the greatest comebacks of all time. And for Tiger Woods—his game, his body, and his life in shambles—getting back to the winner’s circle was only half the story. Here’s the rest of it. Tiger Woods’s long descent into a personal and professional hell reached bottom in the early hours of Memorial Day in 2017. Woods’s DUI arrest that night came on the heels of a desperate spinal surgery, just weeks after he told close friends he might never play tournament golf again. His mug shot and alarming arrest video were painful to look at and, for Woods, a deep humiliation. The former paragon of discipline now found himself hopelessly lost and out of control, exposed for all the world to see. That episode could have marked the beginning of Tiger’s end. It proved to be the opposite. Instead of sinking beneath the public disgrace of drug abuse and the private despair of a battered and ailing body, Woods embarked on the long road to redeeming himself. In The Second Life of Tiger Woods, Michael Bamberger, who has covered Woods since the golfer was an amateur, draws upon his deep network of sources inside locker rooms, caddy yards, clubhouses, fitness trailers, and back offices to tell the true and inspiring story of the legend’s return. Packed with new information and graced by insight, Bamberger’s story reveals how this iconic athlete clawed his way back to the top. Here you’ll meet the people who have shaped and saved Tiger’s life. It’s a disparate group: a Florida police officer, an old friend from Tiger’s boyhood, his girlfriend, his manager, his caddie. You’ll go inside the ropes and see Tiger’s interactions with fellow pros, with broadcasters and rules officials and Tour executives, with legends young (Rory McIlroy) and old (Jack Nicklaus) and in between (Fred Couples). On the Sunday before Masters Sunday, you’ll join Tiger as he takes a long, slow, contemplative walk across Augusta National, and you’ll be with him again seven days later in the splendid isolation of the tee at thirteen, in the rain, his right foot slipping while he swings his driver at 120 miles per hour. This is an intimate portrait of a man who has spent his life in front of the camera but has done his best to make sure he was never really known. Here is Tiger, barefoot, in handcuffs, showing a police officer a witty and self-deprecating side of himself that the public never sees. Here is Tiger on the verge of tears with his children at the British Open. Here is Tiger trying to express his gratitude to his mother at a ceremony at the Rose Garden. In these pages, Tiger is funny, cold, generous, self-absorbed, inspiring—and real. The Second Life of Tiger Woods is not only the saga of an exceptional man but also a celebration of second chances. Bamberger’s bracingly honest book is about what Tiger Woods did, and about what any of us can do, when we face our demons head-on.

The Big Miss is Hank Haney’s candid and surprisingly insightful account of his tumultuous six-year journey with Tiger Woods, during which the supremely gifted golfer collected six major championships and rewrote golf history. Hank was one of the very few people allowed behind the curtain. He was with Tiger 110 days a year, spoke to him over 200 days a year, and stayed at his home up to 30 days a year, observing him in nearly every circumstance: at tournaments, on the practice range, over meals, with his wife, Elin, and relaxing with friends. The relationship between the two men began in March 2004 when Hank received a call from Tiger in which the golf champion asked him to be his coach. It was a call that would change both men’s lives. Tiger—only 28 at the time—was by then already an icon, judged by the sporting press as not only one of the best golfers ever, but possibly the best athlete ever. Already he was among the world’s highest paid celebrities. There was an air of mystery surrounding him, an aura of invincibility. Unique among athletes, Tiger seemed to be able to shrug off any level of pressure and find a way to win. But Tiger was always looking to improve, and he wanted Hank’s help. What Hank soon came to appreciate was that Tiger was one of the most complicated individuals he’d ever met, let alone coached. Although Hank had worked with hundreds of elite golfers and was not easily impressed, there were days watching Tiger on the range when Hank couldn’t believe what he was witnessing. On those days, it was impossible to imagine another human playing golf so perfectly. And yet Tiger is human—and Hank’s expert eye was adept at spotting where Tiger’s perfection ended and an opportunity for improvement existed. Always haunting Tiger was his fear of “the big miss”—the wildly inaccurate golf shot that can ruin an otherwise solid round—and it was because that type of blunder was sometimes part of Tiger’s game that Hank carefully redesigned his swing mechanics. Hank’s most formidable coaching challenge, though, would be solving the riddle of Tiger’s personality. Wary of the emotional distractions that might diminish his game and put him farther from his goals, Tiger had developed a variety of tactics to keep people from getting too close, and not even Hank—or Tiger’s family and friends, for that matter—was spared “the treatment.” Toward the end of Tiger and Hank’s time together, the champion’s laser-like focus began to blur and he became less willing to put in punishing hours practicing—a disappointment to Hank, who saw in Tiger’s behavior signs that his pupil had developed a conflicted relationship with the game. Hints that Tiger hungered to reinvent himself were present in his bizarre infatuation with elite military training, and—in a development Hank didn’t see coming—in the scandal that would make headlines in late 2009. It all added up to a big miss that Hank, try as he might, couldn’t save Tiger from. There’s never been a book about Tiger Woods that is as intimate and revealing—or one so wise about what it takes to coach a superstar athlete.

For the first time, champion Tiger Woods reveals the five secrets to his amazing success—a combination of physical, metaphysical and psychological practices he uses daily to keep his game in top shape.

NEW YORK TIMES BESTSELLER Now for the first time, Tiger Woods reflects on his record-setting win at the 1997 Masters – both on and off the course. In 1997, Tiger Woods was already among the most-watched and closely examined athletes in history. But it wasn’t until the Masters Tournament that his career would definitively change forever. Woods, then only 21, won the Masters by a historic 12 shots, which remains the widest margin of victory in the tournament’s history, making it an iconic moment for him and sports. Now, 20 years later, Woods is ready to explore his history with the game, how it has changed over the years, and what it was like winning such an important event. With never-before-heard stories, this book provides keen insight from one of the game’s all-time greats. Praise for The 1997 Masters “Woods writes with absorbing focus and profound emotion.” -Publishers Weekly “A vivid and ultimately satisfying read.” - Bookpage “As vivid on the printed page as it was in person.” - GolfDigest “Provides a rare perspective of golf played at the highest level.” -Kirkus

This book examines the career of Tiger Woods, from child star to global sports celebrity. Starn shows that while the scandal following the revelation of Tiger’s infidelities was like many similar media-generated scandals of recent years, by examining the way Woods was seen afterwards, we can learn a lot about race and sex in contemporary America.

The incredible true story of Tiger Woods’s dramatic comeback following his humbling and very public personal, physical, and professional setbacks. One publicly imploded marriage. Two car accidents. Eight surgeries. And now, a miracle of hard work and storied talent: five Masters wins. Once hailed as “the greatest closer in history” before he fell further than any beloved athlete in America’s memory, Tiger swung at the world’s wildest expectations and beat the skeptics with his April 2019 Masters championship. Roaring Back traces his road to Augusta and the improbable, phenomenal comeback of one of the greatest golfers in history. New York Times–bestselling author Curt Sampson details the highs and lows of Woods’s career in three gripping acts. From his startling loss at the 2009 PGA Championship, detrimental obsession with his swing, and that infamous night involving an ex-wife and a nine-iron... to adoring fans and lucrative sponsors turning their backs, exclusive interviews with past instructors and PGA tour peers, and an arrest complete with a toxicology report... finally to Tiger coming from behind for his fifth green jacket as the crowd rumbled in Georgia, and how his comeback rivals those of the most dramatic in his sport. Sampson also places Woods’s defeats and triumphs in the context of historic comebacks by other notable golfers like Ben Hogan, Skip Alexander, Aaron Siltan, and Charlie Beljan, finding the forty-three-year-old alone on the green for his trajectory of victory against all odds. As this enthralling book reveals, Tiger never doubted the perseverance of the winner in the mirror. “Sampson admirably details all the highs and lows.” —Jim Nantz, CBS Sports

A new, fully illustrated gift book commemorating the unparalleled rise, fall, and comeback of golf’s greatest champion Tiger Woods turned pro at age 20 in 1996, rapidly ascending to become the No. 1 ranked player in the world at age 21 and the youngest player ever to achieve the career Grand Slam. Woods’ second decade on the tour was one of reinvention, marked by injuries and personal struggles before a comeback that culminated in Woods’ first major win in 11 years at the 2019 Masters. In celebration of Woods’ first quarter century on the professional circuit, those moments and memories are collected in Tiger Woods: 25 Years on the PGA Tour. Capturing the magic of Woods’ career as only Sports Illustrated can, this new volume includes more than 100 full-color photographs, some of which have become nearly as iconic as the man himself—from Woods’ earliest days on the golf course with his father Earl to his play alongside son Charlie in 2020. This commemorative book also features Sports Illustrated’s best written coverage of Woods’ career, including pieces by Gary Smith, Frank Deford, Steve Ruskin, Alan Shipnuck, and more.
