Over 1,300 total pages ... To the young man or woman choosing a Navy career field, whether for one enlistment or for 30 years, the journalist rating offers endless avenues for an imaginative, yet mature, thinker. Many of the duties and responsibilities of the journalist rank among Americans' favorite hobbies and pastimes, such as writing, broadcasting and photography. The Navy journalist learns and practices a distinguished profession and becomes an official representative of the Navy in public affairs matters. The first enlisted specialists to work full time in the field of Navy journalism were Naval Reserve personnel selected during the early years of World War II. They were designated Specialist X (Naval Correspondents). In 1948, under a major overhaul affecting almost every enlisted rating, the journalist (JO) rating was established. MAJOR TASKS AND RESPONSIBILITIES LEARNING OBJECTIVE: Identify the major tasks and responsibilities of the Navy journalist, the personal traits required for

one to best perform the duties of the rating, the applicable NECs, and the purpose of the JO 3 & 2 training manual (TRAMAN). In our democratic society, government depends on the consent of the governed. This important principle means that, in the long run, the United States government does only what the people want it to do. Therefore, we can have a Navy only if the people know and understand the importance of the Navy and support it. The Navy, like the other services, depends on this country's citizens for the four key tools of its trade — personnel, money, materials and the authority to carry out its mission. As a Navy journalist, your main function will be to make the facts about your Navy available to the Navy's three main publics — the people at your ship or station, Navy people in general and the people of the United States as a whole.

Raising a Toast is a compilation of 20 speeches that I had the good fortune of delivering in my journey as a Toastmaster. Most of these speeches have sprung from my personal anecdotes—some funny, some thought-provoking. Few speeches will tell you stories of past and present, of people and places through my eyes. And then, there are a couple of speeches that raise some questions, for you and me to reflect upon. But one common link that binds them all, is the stage of Toastmasters where they found life. Each of these speeches gave me an opportunity—to pen down some burning message inside of me, to share my story to any audience which was willing to listen, to connect with those who took back something from what I had to say. Raising a Toast is a humble attempt to carry these anecdotes, these stories, these questions from the conventional stage to the paperback stage. Written with the sole agenda of reaching out to more souls out there who are willing to listen. And with the hope, that when they read this, they get inspired to share their set of stories with the world.

"It is not what you know, but who you know that counts." This old cliché is as true today as it was when it was first uttered. According to a recent survey conducted by Drake Beam Morin, Inc. (a large outplacement organization), networking fills 70 percent of professional positions. Networking for a job is the best way to tap into the unpublished job market. NETLIVING 101, Networking Life's Journey reaches beyond the job market into all aspects of life from the womb to the tomb. Hence the word networking is replaced by my newly coined word netliving. There is currently no book, as indicated by reviewing Books in Print, that shows people how to take advantage of networking techniques used in job hunting to enhance other facets of their lives. NETLIVING 101, Networking Life's Journey fills that gap by providing all the tools and information readers need to establish networks and have more enjoyable and successful lives. One of the reasons for choosing the title NETLIVING 101, Networking Life's Journey was because, to the best of my knowledge, no college or university offers a course as part of a curriculum on the subject. In earlier, simpler times when most of the world's population lived in small villages where everyone knew their neighbor, there was no need to build networks for they were already in place. The local church or pub was usually the hub of the network. With the complexity of today's society it has become necessary to make a concerted effort to establish support networks in order to be successful and happy. In this self-help book, ideas, examples and suggestions for netliving are developed through short vignettes based on the lives of real people. Names and places will be changed to protect the innocent. NETLIVING 101, Networking Life's Journey is written using the concept known as fiction. Essentially, fiction refers to the inclusion of certain details which, although they may not have occurred exactly as described in point of fact, give the reader a clear image of the scene in his or her imagination. Rather than telling the reader what netliving is all about, this book demonstrates through the words and actions of the characters. Chapter One introduces the two key characters that appear throughout the book. Roberta and Richard are used alternately, from chapter to chapter, to provide different perspectives. The fabric of friendships is woven through the stages of life and applied to various life experiences from overcoming the fear of public speaking to preparing for retirement. Netliving 101, Networking Life's Journey is designed for individuals who are career oriented, sophisticated, and thoughtful. Most people are concerned about their future and are taking steps to afford themselves successful, happy and prosperous "mature years."

Unremitting Solace will remind you of things that you already know, and you'll experience a feeling of encouragement and understanding within yourself which will favorably complement a choice for change. This book is the result of the culmination of years of experiencing all that there is--of acceptance, faith, love, forbearance, and a true calling to uphold a world in common. You will realize that you are a fine and beautiful individual no different from any other being. When you read this book it will help you to see the struggles of life without holding on to the pain. You will be able to accept life as it happens and understand the development of your own growth as well as reaching unremitting solace. The poems are alive from deep soul living and at times painful, but encompassing ultimate earthly kindness and compassion. Reading these poems will entice you to realize true and consoling circumstances for a deeper development of your humanity that will brighten, console and appease your soul.
