This book is a comprehensive account of the African American struggle for freedom and equality from the Civil War to the beginning of the modern Civil Rights Movement. It stresses black agency and how white people helped the movement out of cooperation, co-optation, and coercion.

The civil rights movement was arguably the most important reform in American history. This book recounts the extraordinary and often bloody story of how tens of thousands of ordinary African-Americans overcame long odds to dethrone segregation, to exercise the right to vote and to improve their economic standing. Organized in a clear chronological fashion, the book shows how concerted pressure in a variety of forms ultimately carried the day in realizing a more just society for African-Americans. It will provide students of American history with an invaluable, comprehensive introduction to the Civil Rights Movement.

This text traces the history of the civil rights movement in the years following World War II, to the present day. Issues discussed the Civil Rights Act of 1964, the Voting Rights of 1965, and the Northern Ireland ghetto's.

The civil rights movement was among the most important historical developments of the twentieth century and one of the most remarkable mass movements in American history. Not only did it decisively change the legal and political status of African Americans, but it prefigured as well the moral premises and methods of struggle for other historically oppressed groups seeking equal standing in American society. And, yet, despite a vague, sometimes begrudging recognition of its immense import, more often than not the movement has been misrepresented and misunderstood. For the general public, a singular moment, frozen in

time at the Lincoln Memorial, sums up much of what Americans know about that remarkable decade of struggle. In *The Movement*, Thomas C. Holt provides an informed and nuanced understanding of the origins, character, and objectives of the mid-twentieth-century freedom struggle, privileging the aspirations and initiatives of the ordinary, grassroots people who made it. Holt conveys a sense of these developments as a social movement, one that shaped its participants even as they shaped it. He emphasizes the conditions of possibility that enabled the heroic initiatives of the common folk over those of their more celebrated leaders. This groundbreaking book reinserts the critical concept of "movement" back into our image and understanding of the civil rights movement.

The movement for civil rights in America peaked in the 1950s and 1960s; however, a closely related struggle, this time over the movement's legacy, has been heatedly engaged over the past two decades. How the civil rights movement is currently being remembered in American politics and culture - and why it matters - is the common theme of the thirteen essays in this unprecedented collection. Memories of the movement are being created and maintained - in ways and for purposes we sometimes only vaguely perceive - through memorials, art exhibits, community celebrations, and even street names.

The past fifteen years have seen renewed interest in the civil rights movement. Television documentaries, films and books have brought the struggles into our homes and classrooms once again. New evidence in older criminal cases demands that the judicial system reconsider the accuracy of investigations and legal decisions. Racial profiling, affirmative action, voting districting, and school voucher programs keep civil rights on the front burner in the political arena. In light of this, there are very few resources for teaching the civil rights at the university level. This timely and invaluable book fills this gap. This book offers perspectives on

presenting the movement in different classroom contexts; strategies to make the movement come alive for students; and issues highlighting topics that students will find appealing. Including sample syllabi and detailed descriptions from courses that prove effective, this work will be useful for all instructors, both college and upper level high school, for courses in history, education, race, sociology, literature and political science.

Presents three essays by distinguished scholars.

This book, a publication of the U.S. Department of State, recounts how African-American slaves and their descendants struggled to win — both in law and in practice — the civil rights enjoyed by other Americans. It is a story of dignified persistence and struggle, a story that produced great heroes and heroines, and one that ultimately succeeded by forcing Americans to confront squarely the shameful gap between their universal principles of equality and justice and the inequality, injustice, and oppression faced by millions of their fellow citizens. Contains full color illustrations, and includes sections on Black Soldiers in the Civil War, Marcus Garvey, Ralph Johnson Bunche, Jackie Robinson, Rosa Parks, Medgar Evers and the Bloody Sunday in Selma.
