It's the perfect balance between size and readability. The cover is durable and I LOVE the full concordance. The NIV Compact Thinline Reference Bible is one of the most conveniently sized Bibles out there.'

Through poetry and story, Daydreams and Night Visions moves us through Charles Henley's transformational journey from a boy hopelessly addicted to drugs, alcohol, and the strife that accompanies addiction, to a man full of hope, love, and joy. In this book of rhymes and wisdom, we get a glimpse of an emotional state of mind we might not otherwise understand. We get a first-hand view of the conversion from and remorse for a life of sin to the daydreams and night visions that Henley experienced during and after his conversion. These visions made him acutely aware of the struggle between good and evil as demonic forces battled for the possession of his soul. This awareness helped him not only prepare for the battle but claim victory over it. This poetic look at a life of a sinner once saved is a look at faith and hope at the end of the road of despair. It's not only written for those who suffer from similar addictions, it's also written to give hope and advice to friends and relatives who feel helpless as they watch their loved ones losing the battle for their souls—if only for a season.

In this compelling sequel to Power Quest Book One: America's Obsession with the Paranormal, S. Douglas Woodward reveals the hidden history of Nazi infestation of American institutions after World War II. Beginning with the 1952 flying saucer flap over the nations capital and concluding with the CIA's clandestine mind control agenda of the 1950s-1970s, the reader is confronted with highly charged and seldom known facts. The story centers on America's erstwhile alliance with German fascism linked to the infamous personalities of Hitler's Nazi Party who escaped the war crimes trials at Nuremberg. In this second volume of Power Quest, The Ascendancy of Antichrist in America, Woodward brings to the reader the recently declassified proof our America has often shunned its most noble ideals. The author uncovers a vast record of unethical and deceptive Federal activities committed in Washington's darkened corridors of political power. Woodward condenses mountains of highly reliable research compiled by authoritative investigative journalists and insiders along with his own well-turned analysis, demonstrating that the political and spiritual evil of Nazism was often excused and encouraged by American officials as part of a blind quest to fight communism during the Cold War. Woodward makes no secret of his evangelical perspective. But Power Quest: The Ascendancy of Antichrist in America is not a selective proof texting of biblical assertions or a diatribe against liberal political views. His account is a factual his-tory that most Americans have never heard. For conservative Christian readers, Woodward speaks prophetically - challenging the cherished assumption held by political conservatives that America traditionally takes the moral high ground. And he poses an alternative view to the typical eschatological position, asking "Could America be the seat of power for a literal personage the Bible calls Antichrist?"
