Lemmy's name was synonymous with notorious excess. His blood would have killed another human being. rock band in history. A truly epic finale, and tribute, to Lemmy from those who loved him best.

One of music's most notorious frontmen leads a headbanging, voyeuristic odyssey into sex, drugs, and rock 'n' roll that rivals Motley Crue's *The Dirt* and Aerosmith's *Walk This Way*. He made Keith Richards look like a choirboy and Mick Jagger look like a nun. And as the head of the legendary band Motorhead, he ploughed his way through so many drugs, so many women, and so much alcohol, that he gave a whole new meaning to the term Debauchery.

And he changed the face of music, conquering the rock world with such songs as "Ace of Spades," "Bomber," and "Overkill" and inventing a whole new form of music--speed metal. At the age of 57, Lemmy Kilmister remains a rock icon, both for his monumental talent and his hedonistic lifestyle. In *White Line Fever*, he recounts his incredible, pleasure-filled, and death-defying journey through music history. Born on Christmas Eve, 1945, in Wales, to a vicar and a librarian, Ian Fraser Kilmister learned early, he as he forthrightly puts it, "what an incredible pussy magnet guitars were." A teenager at the

birth of rock 'n' roll, Lemmy idolized Elvis and Buddy Holly and soon joined a band of his own. He would eventually head to London, where he became a roadie for Jimi Hendrix, played in Opal Butterfly, and joined space rockers Hawkwind's lineup in 1971. Four years later, speedfreak Lemmy was fired from the band for doing the wrong drugs. Vowing to form the "dirtiest rock 'n' roll band in the world," he formed Motorhead, arguably the heaviest and loudest heavy metal band to ever take the stage. During their twenty-seven-year history, Motorhead would go on to release twenty-one albums, including the #1

Lemmy would also cheat death on more than one occasion, most notoriously in 1980, when his doctor told him, "I cannot give you a blood transfusion because normal blood will kill you...and your blood would kill another human being, because you're so toxic." But through more than two decades of notorious excess, Lemmy has lived to tell the warts-and-all tale of a life lived over the edge. *White Line Fever*, a tour of overindulgence, metal, and the search for musical integrity, offers a sometimes hilarious, often outrageous, and always

The heaviest drinking, most oversexed speed freak in the music business tells his story: "An emblem of rock 'n' roll endurance." –The New York Times Ian Fraser Kilmister was born on Christmas Eve, 1945. In 'The Ace of Spades', Motörhead's most famous song, Lemmy, the born-to-lose, live-to-win frontman of the band sang, 'I don't want to live forever'. Yet as he told his friend of 35 years, former PR and biographer Mick

Brutally frank, painfully funny, wincingly sad, and always beautifully told, LEMMY: THE DEFINITIVE BIOGRAPHY is the story of the only rock'n'roller never to sell his soul for silver and gold, while keeping the devil, as he put it, 'very close to my side'. From school days growing up in North Wales, to first finding fame in the mid-60s with the Rockin' Vicars ('We were very big up north, I had a Zephyr 6'); from being Jimi Hendrix's personal roadie ('I would score acid for

Based on Mick's original interviews with Lemmy conducted over numerous years, along with the insights of those who knew him best - former band mates, friends, managers, fellow artists and record business insiders - this is an unputdownable story of one of
