The New York Times bestselling novel by the author of *A Single Thread* and *At the Edge of the Orchard* Translated into thirty-nine languages and made into an Oscar-nominated film, starring Scarlett Johanson and Colin Firth Tracy Chevalier transports readers to a bygone time and place in this richly-imagined portrait of the young woman who inspired one of Vermeer's most celebrated paintings. History and fiction merge seamlessly in this luminous novel about artistic vision and sensual awakening. *Girl with a Pearl Earring* tells the story of sixteen-year-old Griet, whose life is transformed by her brief encounter with genius . . . even as she herself is immortalized in canvas and oil.

This volume will mark the first time Johannes Vermeer's iconic painting will be seen in the Southeast. The painting headlines the exhibition, which highlights the artistic genius of Dutch Golden Age painters, including Vermeer, Rembrandt van Rijn, Frans Hals and Jan Steen, through the presentation of more than 35 exceptional works. Through landscapes and portraits, this book will explore the idea that Dutch artists more readily embraced paintings of everyday subjects than their southern European contemporaries, focusing on capturing commonplace scenes of daily life. Dutch artists not only recorded representations of the domestic interior, still lifes and boisterous crowds, but often imbued these scenes with moral undertones and humorous, sarcastic wit. (Exhibition: High Museum of Art, Atlanta, USA (22.6.-29.9.2013)).

Johannes Vermeer is estimated to have painted *Girl with a Pearl Earring* (Meisje met de parel in Dutch) in 1665. The Dutch public named it the most beautiful painting in the Netherlands in 2006, and since 1902 it has been in The Hague Mauritshuis (Maurice House in English) art museum collection. A New York Times bestseller From the author of the international bestseller *Girl With A Pearl Earring* and *At the Edge of the Orchard*, Tracy Chevalier once again paints a distant age with a rich and provocative palette of characters. *Falling Angels* follows the fortunes of two families in the emerging years of the twentieth century in England, while the Queen's death reverberates through a changing nation. Told through a variety of shifting perspectives—wives and husbands, friends and lovers, masters and their servants, and a gravedigger's son—*Falling Angels* is graced with the luminous imagery that distinguished *Girl With a Pearl Earring*, *Falling Angels* is another dazzling tour de force from this "master of voices" (The New York Times Book Review).

New York Times bestselling author of *Girl With a Pearl Earring* and *At the Edge of the Orchard* Tracy Chevalier makes her first fictional foray into the American past in *The Last Runaway*, bringing to life the Underground Railroad and illuminating the principles, passions and realities that fueled this extraordinary freedom movement. Honor Bright, a modest English Quaker, moves to Ohio in 1850--only to find herself alienated and alone in a strange land. Sick from the moment she leaves England, and fleeing personal disappointment, she is forced by family tragedy to rely on strangers in a harsh, unfamiliar landscape. Nineteenth-century America is practical, precarious, and unsentimental, and scarred by the continuing injustice of slavery. In her new home Honor discovers that principles count for little, even within a religious community meant to be committed to human equality. However, Honor is drawn into the clandestine activities of the Underground Railroad, a network helping runaway slaves escape to freedom, where she befriends two surprising women who embody the remarkable power of defiance. Eventually she must decide if she too can act on what she believes in, whatever the personal costs.

“With impeccable research and flawless prose, Chevalier perfectly conjures the grandeur of the pristine Wild West . . . and the everyday adventurers—male and female—who were bold enough or foolish enough to be drawn to the unknown. She crafts for us an excellent experience.” —USA Today From internationally bestselling author Tracy Chevalier, author of *A Single Thread*, comes a riveting drama of a pioneer family on the American frontier 1838: James and Sadie Goodenough have settled where their wagon got stuck – in the muddy, stagnant swamps of northwest Ohio. They and their five children work relentlessly to tame their patch of land, buying saplings from a local tree man known as John Appleseed so they can cultivate the fifty apple trees required to stake their claim on the property. But the orchard they plant sows the seeds of a long battle. James loves the apples, reminders of an easier life back in Connecticut; while Sadie prefers the applejack they

But you can run only so far, even in America, and when Robert's past makes an unexpected appearance he must decide whether to strike out again or stake his own claim to a home at last.
